SPECIAL TOPIC

Practical Application and Nuances of Ordinance Enforcement

Ken Skunda, Code Enforcement Officer, reviewed the difference between complaint-based code enforcement and patrol-based code enforcement with the Planning Commission. He discussed some challenges he is having with the current language regarding shipping containers in the

Ordinances. Mr. Skunda stated that when he has feedback or concerns regarding language in an ordinance or an ordinance itself that he discusses it with the Township Supervisor and the Planning Assistant.

UNFINISHED BUSINESS

Data Center Regulations

Chris Doozan, Planning Consultant, reviewed his September 1st letter to the Planning Commission regarding Updated Zoning Revisions Regarding Data Centers. Mr. Doozan stated he has reviewed both the City of Williamston's ordinance and the MTA's sample ordinance. He reviewed the new revisions to Data Center Ordinance and some edits were made. The Planning Commission asked that Mr. Doozan review the sound standard (45 versus 55) and vibration standard. Questions were asked if there is any vibration damping equipment that should be included in the ordinance and if it would be possible to find out what the levels for sound and tonal/vibrations were coming in for complaints on an existing hyperscale data centers (possibly in Dowagiac). Mr. Doozan stated that he would do further research. The Planning Commission discussed the need for the ordinance to be reviewed by the Township Attorney.

Motion by Creagh, second by Mark, to postpone action on the Data Center regulations until the November 10th meeting to allow for revision and review by the Township Attorney.

Motion approved 6- 0.

NEW BUSINESS

Barkham Creek Farms Site Plan Review

Chris Doozan, Planning Consultant, reviewed his September 10th letter to the Planning Commission regarding Barkham Creek Farm Site Plan Review- Site Plan Dated 8/30/2026. It was noted that no other property on Haslett Road is curbed and guttered. Paving the apron of the driveway is needed for safety. Mr. Doozan reviewed that if the barn is to be used as an event barn, a separate Special Land Use Permit and Site Plan Review would be needed.

Mr. Barkham addressed the Planning Commission. He stated the barn needed to be moved to accommodate a second driveway that was needed for safety reasons. To comply with the Ingham County Road Department's requirements the new driveway came in where the barn was located. Consequently, they decided to move and preserve the barn.

Mr. Barkham stated that barn will be used for organizing school field trips, church fundraising or his wife's parties. Mr. Barkham stated that the barn would not be rented out for any events. He stated that even though the barn will have bathrooms they will continue to use porta johns on site as they have in the past. Hours of operation are 10 am to 6 pm and the business is open for six weeks out of the year ending on October 31st. He stated there is lighting on the cider mill and that lighting has not been an issue in the past. Mr. Barkham stated that in addition to the dumpster noted on the

site plan that there are trash receptacles throughout the property and by the cider mill. These are emptied daily.

Mr. Barkham stated that the asphalt paving of the driveway aprons would not be complete until next year due to timing. Mr. Barkham stated that there wasn't enough distance between a utility pole and a tree to accommodate the 31 feet width for the east driveway.

Discussion ensued. It was determined that Mr. Barkham would need to apply to the Zoning Board of Appeals for a variance from the requirement for a 31-foot-wide paved driveway to allow a 25-foot-wide paved driveway on the east side.

Motion by Creagh, second by Porter, to recommend approval of the Barkham Creek Farms Site Plan subject to seeking and receiving a variance from the Zoning Board of Appeals to allow a 25-foot-wide paved driveway on the east side.

Motion approved 6- 0.

Review of Bath Charter Township Comprehensive Plan

Commissioner Tocarchick stated that she reviewed Bath Charter Township Comprehensive Plan and that she did not see anything of concern.

Red Cedar Bend Apartments

Chris Doozan, Planning Consultant, reviewed his September 22nd letter to the Planning Commission regarding Red Cedar Bend Apartments, Planned Development Phase II Review. Discussion ensued regarding the change in plans, which involved the stormwater drainage system. Instead of underground detention, the plans now call for use of the pond in front as a detention pond. The Planning Commission discussed whether a fence was needed around the pond but decided that one was not needed because 1 on 4 side slopes are proposed. No action was taken by the Planning Commission.

*Commissioner Tocarchick left meeting at 7:35pm and returned at 7:37 pm.

PLANNING AND BOARD REPORTS AND REVIEW

Township Board. Trustee Creagh stated at the last Township Board meeting the Board approved an MDOT Resolution for Lothamer 5K Charity Run, selected an engineering & design firm, C2AE, for the Township Park, and amended the Neighborhood Road Policy to address recent changes in funding. The Board also heard from Bethany Barker from Williamstown Locke Corridor Community Alliance regarding their organizing and opposition of the ITC power high-voltage powerlines.

Planning Commission Chair. None

Planning Staff. Sheryl Monette, Planning Assistant, gave a report from the CIP (Capital Improvement Plan) Subcommittee. Minutes from the September 1st meeting were included in the meeting packet.

CORRESPONDENCE: None

PUBLIC COMMENT

Opened at 7:48 pm

Becky Wegar, Township Resident. Ms. Wegar asked if the draft Data Center Ordinance takes in consideration of allowing only close loop systems.

Tom Korroch, Township Resident. Mr. Korroch shared with the Planning Commission his desire to build a pond, berms and putting green for his personal use on a property that he purchased behind his primary resident. He stated that he has been in contact with EGLE along with meeting with Sheryl Monette, Planning Assistant, regarding the project. Mr. Korroch voiced concern regarding the cost of the engineering and surveying consultant fees he would need to get through the process with EGLE and potentially the Township. Mr. Korroch stated that he has received 3 quotes ranging from \$13,000 to \$14,000. Planning Consultant, Chris Doozan offered to meet with Mr. Korroch on September 24th at the Township Hall to review the quotes and to provide further guidance.

Closed at 7:59 pm

REVIEW

Chair Eidt reviewed the Planning Commission's actions from the meeting:

- Approved the meeting minutes 8/26/2026
- Heard from Ken Skunda, Code Enforcement Officer.
- Postponed action on the Data Center Ordinance until November 10th meeting so the Township Attorney can review the Ordinance.
- Received Commissioner Tocarchick's review of the Bath Charter Township Comprehensive Plan.

Township Board
Williamstown Township

**Subject: Barkham Creek Farms
Site Plan Review
Site Plan Dated 8/31/2026**

Location: 181 Haslett Road (north side of Haslett Road, approximately one-half mile east of Meridian Road)

Applicant: Robert and Jana Barkham, Owner

Dear Township Board Members:

This case involves a proposal to continue an agricultural tourism operation known as Barkham Creek Farms, located on the north side of Haslett Road near the Township's west boundary. According to the site plan, the proposed use includes growing and selling pumpkins, pressing and selling cider, selling donuts and farm products, and a landscape business. The site is in a Commercial Agriculture (AG-C) zoning district. Agricultural tourism operations of this nature are permitted in the AG-C district, subject to special land use approval.

BACKGROUND INFORMATION

Barkham Creek Farms was on the Planning Commission's agenda on May 25, 2021, at which time the Planning Commission recommended conditional site plan approval and special land use approval. The Township Board subsequently granted site plan and special land use approval on June 9, 2021, "to allow the growing and selling of pumpkins and mums, the pressing and sale of cider with donuts, and [the sale] of other farm products grown on the site," subject to four conditions.

The special land use approval for the agricultural tourism operation described above continues to be valid. At this time, site plan review and approval are required because the Barkhams wish to modify the approved site plan by moving and renovating a barn on the west side of the site, increasing the parking and vehicle maneuvering area so that it extends in front of the relocated barn, adding new driveways on the east and west sides, and eliminating the center driveway.

Work on the above improvements has begun, so this will be an after-the-fact review and approval. It was inappropriate for this work to be started without having obtained site plan approval and building permits. Although construction of agricultural buildings is exempt from site plan and local building official review, a barn that is proposed to be used as a "Gathering Space" is not an agricultural use. Site plan approval should have been sought prior to moving the barn and starting construction. In the interest of public safety, the plans for the barn should have been reviewed by the Building Official and inspections should have taken occurred at key intervals during relocation and construction.

SITE PLAN REVIEW PROCESS

According to Section 29.02 of the Zoning Ordinance, site plans must first be reviewed by the Planning Commission. This review occurred on September 23, 2026, at which time the Planning Commission voted to recommend approval to the Township Board, subject to one condition. The Township Board has the authority to grant final approval.

SITE PLAN REVIEW COMMENTS

We have reviewed the revised plans dated August 31, 2026, based on Zoning Ordinance requirements, including the special requirements for Agricultural Tourism operations in Section 8.02(OO), and in consideration of the information provided by the applicant at the September 23rd Planning Commission meeting. We offer the following comments:

1. **Land Use.** The proposed uses listed in the application and on Sheet C-2 are permitted in the AG-C district by the 2021 special land use approval. Based on Mr. Barkham's comments at the September 23rd Planning Commission meeting, the "Gathering Space" in the relocated barn will be used for field trips for children, fundraisers, and similar uses. It will not be rented out for special events, and it will be used when the rest of the operation is open for business (10:00 am to 6:00 pm). The barn would not be considered an Event Barn as defined by the Ordinance, if used only for the purposes described by Mr. Barkham.
2. **Setbacks.** The required setbacks in the AG-C district are 50 ft. in front, 50 ft. on each side, and 50 ft. in the rear. The site plan complies with these requirements. We estimate that the building closest to the front lot line, which is the relocated barn, is set back 117 ft. from the road right-of-way line. The relocated barn on the west side is set back approximately 313 ft. from the west side lot line based on our measurements, and the cider mill building is set back approximately 172 ft. from the east property line. The greenhouses in the rear exceed the 50-ft. rear setback by a large margin.
3. **Screening.** The Ordinance requires the operation to be screened from the existing home to the east, which is located on land zoned Rural Residential (RR). However, in 2021, the resident in this home requested a reduced screening plan, which was approved administratively. The landscaping that was installed complies with the approved plan.
4. **Trash Receptacle.** A dumpster is proposed behind the greenhouses. Since it will not be visible from the road, screening is not required. The Ordinance requires trash containers to be placed on the premises for public use. The Township Supervisor and Planning Assistant confirmed that trash containers are present on the site.
5. **Exterior Lighting.** The current plan proposes no exterior lighting. Exterior lighting is not required by the Ordinance if the business is not open past dusk.
6. **Sign.** The existing freestanding sign in front is eight square feet in area and four feet in height. This sign meets the dimensional requirements in Section 7.08(D).
7. **Driveway.** Currently, there are two 25-foot-wide gravel driveways on the east and west sides serving the site (the middle driveway was recently removed). Although the Ingham County Road Department has issued permits for these driveways, they do not comply with Section 2.10(D)(4) of the Zoning Ordinance,

which calls for 31-foot-wide paved driveways. Initially, Mr. Barkham intended to seek a driveway width variance for the east driveway, but we received an email on September 25th indicating that he will be able to install 31-paved driveways on both sides. Thus, the one condition of approval—that Mr. Barkham seek a variance—is no longer needed.

8. **Restrooms and Utilities.** The plan indicates that a septic system for the restroom facilities in the relocated barn will be located northwest of the barn. The applicant has obtained a permit from the Ingham County Health Department to construct this septic system. The permit indicates the system is intended to accommodate a “70-person maximum meeting space.” At the September 23rd meeting, Mr. Barkham indicated that porta johns will be brought on site, as in the past, to serve patrons of the cider, donuts, and pumpkins operation.
9. **Parking.** According to the Ordinance, the number of parking spaces for agricultural tourism operations shall be determined on a case-by-case basis, upon consideration of the character of the specific use being proposed. Thus, the Township is largely reliant on the applicant’s assessment of the business’s parking needs.

In this case, the site plan proposed enough room for approximately 36 spaces on gravel in front, plus room for another 65 to 70 spaces on grass, which are located east of the greenhouses. (Since the spaces will not be marked, the estimate of number of spaces is approximate.) The parking is proposed to be set back 40 feet from the adjacent RR-zoned land, as required.

The parking is not intended to be paved. Previously, the Planning Commission and Township Board waived the requirement for parking lot paving, upon making the determination that a grass or gravel surface will be adequate to handle the anticipated level of traffic, if dust control measures were implemented.

The Planning Commission and Township Board also waived parking lot lighting requirements upon making the determination that the facility will be used only during daylight hours.

SUMMARY AND RECOMMENDATIONS

As noted above, the one condition of approval regarding driveway width is no longer needed. Consequently, consistent with the Planning Commission’s action, we recommend approval of the site plan for Barkham Creek Farms, dated August 31, 2026.

Please note that approval of the site plan does not constitute approval to use the relocated barn as an Event Barn, as defined and regulated in the Zoning Ordinance. A separate special land use permit must be obtained to operate an Event Barn on the site. Section 8.02(SS) sets forth the requirements for Event Barns, many of which have not been addressed on the site plan that was submitted. For example, a transportation impact analysis would be required, the property owner must live on the property, and 33% of the land must be permanently dedicated as open space or farmland.

If you have any questions regarding this review, please feel free to contact me.

Sincerely,

McKENNA

Farmland and Open Space Preservation Program

Application for Farmland Development Rights Agreement

Requirements Checklist

INTRODUCTION

The Farmland and Open Space Preservation Program, or P.A. 116, is designed to protect farmland and open space through agreements that restrict development and provide tax incentives for program participation. A temporary restriction on the land between the state and a landowner, voluntarily entered into by a landowner, preserves the land for agriculture in exchange for certain tax benefits and exemptions for various special assessments.

The requirement for the land to be enrolled is either 40 acres or more and at least 51% in an agricultural use; or more than 5 acres but less than 40 acres and at least 51% in an agricultural use with a minimum income of \$200 per acre per year.

All items listed below must be included with the new application packet prior to submitting to your local governing body for review. Applications must be approved by the local governing body on or before November 1 to be effective for the current tax year. Incomplete applications will be returned to the local governing body and landowner for additional information and may be rejected to comply with the statutory 60-day deadline from the date of receipt by Michigan Department of Agriculture and Rural Development (MDARD).

LANDOWNER CHECKLIST

☐ Complete all sections of the application.

Applications which do not contain all required information will be returned to the landowner for completion. Incomplete applications may be rejected if required information is not provided within 60 days of receipt by MDARD.

☐ Copy of recorded deed(s) or land contract(s), including signature page(s).

Copies must contain all pages of the recorded documents and sufficiently document the chain of title from the previous owner.

- » If providing more than one deed or land contract, the land described in each recorded document must be under the same exact ownership (grantee names must match). If the names on the recorded documents do not match, separate applications will need to be completed.
- » All pages from recorded document, including any recorded exhibits, must be included.
- » If a current owner named on the deed/land contract is deceased, a copy of the death certificate must be provided.
- » All vendors/sellers listed on a land contract must sign and date the application where indicated.

☐ Verify landowner has no additional encumbrances that would impact the agreement, such as:

- » Other conservation easements that would prevent agriculture use on the property.
- » Other easements granted to non-MDARD entities that could impact farmland tax credit eligibility.

☐ Copy of most recent property tax assessment notice or tax bill with complete tax description of property and State Equalized Value (SEV).

Include a statement by the applicant certifying the name of the owner of record, the legal description of the property, and all liens, covenants, and other encumbrances affecting the title to the land.

REQUIREMENTS CHECKLIST CONTINUES ON PAGE 2

☐ **Map of the farm with structures and natural features.**

A property survey or GIS image showing the property boundaries is sufficient. The map must include:

- » The boundary of land cited in the application.
- » A survey or accurate legal description for the property to be enrolled if less than property described in recorded deed.
- » All buildings (house, barn(s), etc.); label roads and other encumbrances (such as utilities and other non-agricultural uses); label all buildings and indicate current use and who resides in residences.
- » Current uses of the property (crops, pasture, forest, swamp, etc.).

NOTE: Any residential structures housing persons who are not essential to the farm operation will be excluded from the application. Residential buildings that fall within this category must have a property description for its exclusion or your application cannot be processed.

☐ **Income certification for parcels 5 acres or more but less than 40 acres in size.**

- » Do not submit income tax documents.
- » If available, include a letter from a CPA, tax preparer, or tax attorney attesting that you meet the minimum income requirements for enrollment.
- » Complete and sign the income certification form included with this application form.

☐ **Submit complete application and checklist to the clerk of the local governing body (see below).**

Maintain a copy of your application for your records.

The clerk will issue a receipt indicating the date the application was received and send copies of the application to the reviewing agencies.

The clerk will present the application to the local governing body at their next scheduled meeting. The local governing body has 45 days from the date the application is presented to approve or reject the application.

- » If the application is approved, the applicant will be notified by the local governing body within 10 days. The local governing body will forward the entire application packet to the MDARD Farmland and Open Space Preservation Office within 30 days.
- » Application documentation provided to MDARD must include local governing body resolution or meeting minutes.
- » If the application is rejected by the local governing body, the applicant will be notified within 10 days, stating the reason for rejection. The original application and all supporting documentation will be returned to the applicant. The applicant has 30 days to appeal the local rejection to MDARD.

LOCAL GOVERNING BODY CHECKLIST

- ☐ **“Local Governing Body Requirements” on page 9 must be completed by the local governing body (Township Clerk if township has zoning authority; County Clerk if county has zoning authority). Local Clerk must present to the local governing body for approval or rejection.**
- ☐ **Statement from the assessing officer where the property is located specifying the current fair market value of the land and structures.**

The local assessor must provide the property appraisal value on Page 10, in “Section I. Application Processing.”

REQUIREMENTS CHECKLIST CONTINUES ON PAGE 3

- ☐ Copy of documents demonstrating minimum income from agricultural products (\$200 per acre for 2 of the last 3 years required for applications of 5 acres or more but less than 40 acres; or \$2,000 gross annual income for specialty farms).

Landowner signature on the application is required to certify the income information provided. A signed statement by a licensed professional (such as an attorney or accountant) may also be provided.

MDARD HAS 60 DAYS FROM DATE OF RECEIPT FROM LOCAL GOVERNING BODY TO APPROVE OR REJECT THE APPLICATION.

The applicant will be notified within 10 days of the date of approval or rejection by MDARD.

New applications, eligibility requirements, and instructions for completing a new application can be found online: Michigan.gov/Farmland.
